Amend to read.

### **Proposal number 3**

#### **Re-Arranged Fixtures**

Reason for change: To allow a team to re-arrange a fixture if it becomes aware in advance that it is unable to field a team due to a large number of absences caused by an event such as a wedding or a club tour / event. Clubs may also wish to re-arrange fixtures to alleviate the number of afternoon fixtures being played.

Any League fixture can only be re-arranged due to (a) adverse weather conditions either by mutual agreement or at the discretion of the home Captain or (b) if the green to be used is not playable. The relevant league co-ordinator to be advised on that day by 9pm by all teams involved. Any exceptional circumstances should be referred to the league co-ordinators whose decision is final. Where adverse weather conditions occur the home team should give at least 1 to 1 1/2 hours notice before the due start time of the match that is being cancelled.

**Insert the following text as option (c) above.** Clubs can, by mutual agreement play games (other than the final game of the season) earlier than the scheduled date But NOT later than the scheduled date. All agreed changes are to be notified to the league coordinator by both clubs. Without agreement of

both clubs the fixture cannot be moved
