PROPOSED CHANGES TO THE LLB CONSTITUTION

Proposal 1 Bonalba entry into Southern League.

We have received an application from Bonalba to enter one team into the Monday SA Summer triples league.

All of the Southern clubs have been notified well in advance of this meeting to allow them to discuss with their members and make an informed decision as clubs before voting on whether to allow entry or not.

The league last year had 17 teams (3 divisions, of two 6's & a 5).... 7 clubs had 2 entries, 3 had a single team. Sadly we've lost 2 teams with the demise of La Siesta.

So it's likely we will be down to 15 teams from the 9 clubs. League rules do allow up to 4 teams per club, so it's possible we will get extra teams from the clubs who have gained members any more than 2 teams from a club will though mean afternoon matches.

Bonalba are of course traditionally a "northern" team, but their location being so close to Alicante means that the drive there is similar in time to visiting Montemarmy own club Country Bowls will have the furthest travel, they have no objection.

There is no competitive league bowls in the "northern" area in Summer, hence Bonalba see the benefit in joining our league.

Now we need to have a procedure for approval. I would suggest that we follow the precedent created last year when Country Bowls wished to join the Winter League, & the "northern" teams were asked to give their approval because of the extra travel time. So my suggestion is that the "southern" based clubs should come to the March LLB meeting having discussed this issue at their own club meetings & ready to vote on acceptance.

Regards,

Ray Robson

SA Summer League Coordinator.
